Among Our Advertisers.

E. B. Longwell advertises Decoration day bargains.

Pugsley & Shepard are headquarters for fruit packages.

Shoemith & Killefer advertise something useful this week.

Broughton tells something you'll be mighty glad to know in his ad.

I. J. Cummings advertises a special sale of ready-to-wear wash goods for Monday and Tuesday.

The "gift of gab" is all right at times, but the gift of holding the tongue is all right at all times. E. Smith & Co., by holding the price down, are having their largest sales for spring apparel.

When a young man marries the only daughter of a millionaire he does not have to wait 50 years to celebrate his golden wedding. You don't have to wait for cut prices after the season is over at E. Smith & Co's. Price is here, their best salesman.

"Fine clothes do not make a gentleman" is an antiquated proverb. In theory this is true enough, but in every day life the fine clothes help very materially in the estimate which men place upon the character and standing of those they meet. Showerman Bros' clothes don't make the man, but they do polish him.

There are some things which can't be improved. One of these things is the "Queen Quality" shoe for women. You can make it more elaborate, you can decorate it, embellish it, use costly materials and all that. But for \$100 a pair you cannot make a better shoe than "Queen Quality," having regard solely to the two great essentials of fit and style. The sole agency in Paw Paw is at Sellick's.

Maud—Last night Jack told me that he wouldn't marry the best girl living, unless—what—unless she took Rocky Mountain Tea. Sensible fellow. 35 cents. E. B. Longwell.

Paw Paw Gun Club.

A gun club has been organized in Paw Paw for the amusement and practice of all who are interested in the sport. The membership is small, the club having just started, but it is increasing. A shoot will be held once in each week at the ball grounds with five innings of five shots each. The scores will be published each week.

The first shoot of the season was held last Tuesday with the following result:

F. N. Wakeman, 16
G. R. Taylor, 14
John Plack, 14
G. D. Leach, 13
W. T. Welch, 11
F. J. Pugsley, 10
Frank Avery, 8
C. N. Hathaway, 8
J. B. Showerman, 6
Chas. Young, Jr., 4

All who wish to join the club should apply to Alva Norwood.

Too Great a Risk.

In almost every neighborhood someone has died from an attack of cholera or cholera morbus, often before medicine could be procured or a physician summoned. A reliable remedy for these diseases should be kept at hand. The risk is too great for anyone to take. Chamberlain's Colic, Cholera and Diarrhoea Remedy has undoubtedly saved the lives of more people and relieved more pain and suffering than any other medicine in use. It can always be depended upon. For sale by Longwell Bros.

Milliners vs. Birds.

Following a raid on millinery stores in Toledo the milliners have held an indignation meeting and will make a test of the law prohibiting the use of the wings and bodies of birds for hat decorations. Fortunately, public sentiment is with the birds these days.

Monarch over pain. Burns, cuts, sprains, stings. Instant relief. Dr. Thomas' Electric Oil. At any drug store.

Obituary.

Mrs. Geo. M. Harrington died at the family residence in this village Monday morning, May 25, after a brief illness. She was born at Ypsilanti, Mich., August 11, 1841. The next year her parents moved to Arlington, where in 1857 she married Julius Hamlin, who died in a hospital at Nashville, Tenn., November 25, 1864. Two children were born to them, Mrs. Vorce of Chicago and Mrs. Tyler of Arlington, both of whom are living. July 3, 1873, she was married to George M. Harrington, who with their adopted daughter May still survives. Mrs. Harrington was a member of the Methodist Episcopal church in this village. Her funeral was held at the church, May 28 at ten o'clock, conducted by the pastor, Rev. E. O. Mather. The remains were taken to Arlington for burial.

Mrs. Anna Harrett-Hickok, who died at her home in Detroit, May 19, was born at Prairie Ronde, Kalamazoo county, and spent her early years with her parents in Glendale. Her happy hearted way won for her many friends both in this vicinity and the home she found in late years. The many beautiful flowers that covered her casket bore the inscription of loving friends. The funeral was held in the Free Baptist church, conducted by Mrs. Anna Barton, assisted by Rev. G. W. Stansbury. The choir was composed of friends from Waverly. She was 41 years old and leaves one daughter in her home in Detroit, two brothers, A. J. and Frank Harrett of that city, one brother, Will Harrett, in Paw Paw and two sisters, Mrs. Eva Myers of Paw Paw and Mrs. Bell Chase of Glendale, besides her aged father, who resides near Lawton. The burial was at Prospect cemetery Thursday, May 21.

Strength and vigor come of good food, duly digested. "Force," a ready-to-serve wheat and barley food, adds no burden, but sustains, nourishes, invigorates.

No Change in Bass Season.

It has been reported that the fish law has been changed so that black bass cannot be taken legally after July 1. Such is not the case, as will be seen from the following letter from the state game warden in reply to an inquiry concerning the law:

MAY 22, 1903.

MR. M. O. ROWLAND,
Paw Paw, Mich.

DEAR SIR:

There has been no change in the law providing close season for black bass from April 1 to and including May 20.

Copy of the game laws is sent you by this mail. You will find the act providing for close season for black bass on page 22.

Yours truly,

CHAS. H. CHAPMAN,
Warden.

A Sure Thing.

It is said that nothing is sure except death and taxes, but that is not altogether true. Dr. King's New Discovery for Consumption is a sure cure for all lung and throat troubles. Thousands can testify to that. Mrs. C. E. Van Metre of Shepherdstown, W. Va., says: "I had a severe case of bronchitis and for a year tried everything I heard of, but got no relief. One bottle of Dr. King's New Discovery then cured me absolutely." It's infallible for croup, whooping cough, grip, pneumonia and consumption. Try it. It's guaranteed by Longwell Bros' druggists. Trial bottles free. Reg. size 50c, \$1.00.

The X-Rays.

Recent experiments, by practical tests and examination with the aid of the X-Rays, establish it as a fact that catarrh of the stomach is not a disease of itself, but that it results from repeated attacks of indigestion. "How can I cure my indigestion?" Kodol Dyspepsia Cure is curing thousands. It will cure you of indigestion and dyspepsia, and prevent or cure catarrh of the stomach. Kodol digests what you eat—makes the stomach sweet. Sold by E. B. Longwell.

Card of Thanks.

We desire to thank friends and neighbors for help and sympathy during the illness and funeral of our mother, and to those who contributed flowers and to the Almaen choir.

Mrs. C. J. Libbe,

Miss Ella Brewer,

Mr. Lawrence Brewer.

"It was almost a miracle. Burdock Blood Bitters cured me of a terrible breaking out all over the body. I am very grateful." Miss Julia Filbridge, West Cornwall, Conn.

Among the Magazines.

"No power under heaven could make us live in New York City again," says a writer in Country Life in America. "It is no place to bring up a family. There is no room in a flat. You have too much worthless information thrust upon you about your neighbors. They, in turn, know all your frailties. There is no garden; no chance to keep animals; very little light and air; the dumbwaiter racks your nerves; you cannot sleep; amusements are costly, and life becomes a burden."

One of the most striking things discovered in connection with this investigation of government subsidies granted to railroads has been, that while the subsidies granted have called for the construction of only about 25,000 miles of railroad they have actually resulted in the construction of more than four times the mileage necessary to have been constructed to secure the subsidies. In other words, every mile that the railroads have been induced to build by subsidies has resulted already in the development of the territory and in a growth of population and traffic that has compelled the railroads to build three additional miles of track to take care of it.—(Guy Morrison Walker in The World's Work.)

How to get a position on the staff of the "Tribune," or the "Sun," or the "Times," or some other good paper? Certainly, there is no rule at all about that. For my own part, says Dr. Albert Shaw, in the June Cosmopolitan, I am a great believer in country training. I think newspaper work in a smaller town or city affords the best opportunity for the beginner to learn all parts of his trade. He will get on much faster afterward in the city for having learned all that a country newspaper office can teach him. On the other hand, I am also a great believer in the country as a place for the able and self-respecting city newspaper man who has grown weary of the burdens and exactions of work in the metropolitan newspaper office, and who yearns for a little more chance to develop his own personality. I have known various cases where such men, still young, took what they had saved out of their salaries, bought newspapers in smaller cities or country towns, soon became leading men in their communities, learned to keep early hours, and "lived happy ever after."

Kindly Take Notice

That Ely's Liquid Cream Balm is of great benefit to those sufferers from nasal catarrh who cannot inhale freely through the nose, but must treat themselves by spraying. Liquid Cream Balm differs in form, but not medicinally from the Cream Balm that has stood for years at the head of remedies for catarrh. It may be used in any nasal atomizer. The price, including a spraying tube, is 75 cts. Sold by druggists and mailed by Ely Brothers, 56 Warren st., New York.
